

TENNESSEE DEPARTMENT OF HUMAN SERVICES

SUMMARY OF LICENSING REQUIREMENTS FOR CHILD CARE CENTERS

This summary is a guide for parents of children in child care centers. It outlines some of the requirements child care agencies must meet in order to be licensed. The Department of Human Services is legally responsible for licensing child care centers with 13 or more children. The purpose of licensing is to protect your child. Questions about these requirements or concerns about an agency's compliance should be referred to the local DHS office. You may ask your agency to see the complete set of center rules or you can access the rules through the Department's website.

Preventing the Flu: Good Health Habits Can Help Stop Germs

Fact Sheet

1. Avoid close contact.

Avoid close contact with people who are sick. When you are sick, keep your distance from others to protect them from getting sick too.

2. Stay home when you are sick-

Stay home from work, school, and errands when you are sick. Keep sick children at home. You will help prevent others from catching the illness.

3. Cover your mouth and nose.

Cover your mouth and nose with a tissue when coughing or sneezing. Throw the tissue in the trash after you use it.

4. Wash your hands often.

Washing your hands and the hands of your children often will help protect you from germs.

5. Avoid touching your eyes, nose or mouth.

Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

6. Practice other good health habits.

Get plenty of sleep, be physically active, manage your stress drink plenty of fluids, and eat nutritious food.

It is very important for people living in the affected areas to take steps to prevent spreading the virus to others. If people are ill, they should stay at home and limit contact with others, except to seek medical care. Healthy residents living in these areas should take the everyday preventive actions listed above.

People who live in these areas who develop an illness with fever and respiratory symptoms, such as cough and runny nose, and possibly other symptoms, such as body aches, nausea, or vomiting or diarrhea, should contact their health care provider. Their health care provider will determine whether influenza testing is needed.

Get vaccinated

Influenza or "flu" can cause serious illness. Vaccination is the best way to protect yourself and your family.

Cover your cough or sneeze

Cover your mouth and nose with your sleeve or a tissue when you cough or sneeze. Toss your used tissue in the waste basket and wash your hands.

Fight the FLU

It starts with you

Wash your hands

Wash your hands often with soap and water or use an alcohol-based hand cleaner.

Avoid touching your eyes, nose, and mouth

If you touch surfaces with the flu virus, you can get the flu by touching your eyes, nose, or mouth.

Stay home if you are sick

Flu viruses go wherever you go when you are infected. Stay at home and check with your healthcare provider when needed.
